

FAbstractBufferWriter

```
classDiagram
    class FAbstractBufferWriter
    class FBufferWriter
    class FMpiBufferWriter
    FBufferWriter --|> FAbstractBufferWriter
    FMpiBufferWriter --|> FAbstractBufferWriter
```

The diagram illustrates a class hierarchy. At the top is the class 'FAbstractBufferWriter'. Below it are two subclasses: 'FBufferWriter' on the left and 'FMpiBufferWriter' on the right. A horizontal line connects the two subclasses, with a vertical arrow pointing upwards from the center of this line to the bottom of the 'FAbstractBufferWriter' box, indicating that both subclasses inherit from the abstract class.
